ABOUT THE RELIEF FUND

Following the Great Fire of 1872, the Relief Fund was established by the citizens of Boston to assist firefighters and their families in times of personal need. Now, for over 150 years, the Relief Fund has continued their support of the Department's active and retired members.

Today, the Relief Fund has several programs designed to support members of the Department. These programs include a Scholarship Program for aspiring students of Boston firefighters looking to further their education, a Member Assistance Program which is a reliable source that members can turn to for financial support during a time of hardship, and finally, the funding of a Cancer

and Cardiovascular Screening Initiative to help increase early detection of cancer and cardiovascular health concerns specific to firefighters.

The work that the Relief Fund has done has made a staggering impact on the department. Since 2011, the Relief Fund has donated over \$900,000 back to the members of the Department through its various initiatives.
